SUBJECT: Forest Preserve District of DuPage County – Planning Session
Stormwater Ordinance Update (WBK Project 09-0039)

MEETING DATE: January 12, 2010

A brief presentation was given on January 12, 2010 to the Forest Preserve District of DuPage County Board of Commissioners. The presentation outlined where the ordinance update was too date. After the presentation, comments were taken from the Commissioners. Provided below is a summary of these comments and what the Commissioners would like considered in the stormwater ordinance update.

1. Implement a method for reduced detention requirements in areas of redevelopment, particularly downtown areas, rather than going through the variance process. In addition, reduce the number of variance that are granted on a routine basis.
2. Considered runoff quality when looking at stormwater requirements.
3. Provide clarification and guidelines for permeable pavers and the detention requirements when they are used.
4. Provide credit for groundwater infiltration.
5. Put in place a process to fast track stormwater and natural area improvement projects.
