September 6, 2011

Dear Ordinance Administrators, Prior Commenter, Consulting Engineers, and Agencies:

This e-mail is to inform you that the final Public Comment Period for the adoption of the Revised DuPage County Countywide Stormwater and Flood Plain Ordinance (Ordinance) will begin on September 6, 2011 and will go through October 20, 2011. A red line copy of the Ordinance revisions can be viewed with the following link <http://ec.dupageco.org/StormWaterUpdate/wp-content/uploads/2011/08/Full-Draft-V2.4-tracked-changes.pdf>. A clean version of the ordinance without the red line edits can also be found on the project website <http://ec.dupageco.org/stormwaterupdate>. In addition to the link, copies are available for review at the Department of Economic Development and Planning during normal business hours from 8:00 a.m. to 4:30 p.m. Persons who are involved in development activities within DuPage County, or are involved in stormwater permit submittals, or permit review may be interested in reviewing the proposed changes.

All appropriate comments will be reviewed and considered by the Stormwater Committee and County Board prior to adoption of the ordinance revisions. Comments on the proposed changes must be made in writing by the end of business hours on October 20, 2011 to David Winklebleck, Department of Economic Development and Planning/Stormwater Permitting, 421 North County Farm Road, Wheaton, IL 60187.

If you have any questions please call David Winklebleck, Christine Klepp, or myself at (630) 407-6700.

Sincerely,

A handwritten signature in black ink that reads "Anthony J. Charlton".

Anthony J. Charlton, P.E.
Director Stormwater Management
